Online Dumpster Rental 24/7 [Book Yours Now](#)

Stuck with too much junk and not enough room? Here's what a 15-yard dumpster can *really* handle.

If you're a homeowner in Utah planning a remodel or dealing with poststorm debris, you're probably wondering: *What does a 15-yard dumpster actually look like?* Will it fit in your driveway? How much can you toss in without risking damage to your property?

You're not alone—this is one of the most common questions we get at Driveway Safe Dumpster Rental & Junk Removal. In this guide, we'll break down everything you need to know before booking one.

Quick Guide

1. [What Are the Dimensions of a 15-Yard Dumpster?](#)
2. [What Will Fit Inside a 15-Yard Dumpster?](#)

4. [Will a 15-Yard Dumpster Damage My Driveway?](#)
5. [How Much Does a 15-Yard Dumpster Cost in Utah?](#)
6. [Choose Your 15-Yard Dumpster Option](#)

What Are the Dimensions of a 15-Yard Dumpster?

A 15-yard dumpster typically measures:

Length: 14 feet, **Width:** 7 feet, **Height:** 4 feet

For reference, that's about the size of a large minivan or a small pickup truck. It comfortably fits in most standard residential driveways, leaving enough room for walk-around access.

Visual Tip: Think 4–5 pickup truck loads worth of debris.

What Will Fit Inside a 15-Yard Dumpster?

This size dumpster is perfect for mid-sized cleanups. It holds approximately **2 to 3 tons of waste** (4,000–6,000 lbs).

Everyday items that fit:

Furniture (couches, chairs, tables), Yard waste (leaves, shrubs, branches), Construction debris (drywall, wood, tile), Household clutter (boxes, clothing, light appliances)

Prohibited items:

Wet paint, oil, chemicals, Electronics (TVs, computers), Concrete, dirt, rocks, Food waste, medical waste

Reminder: Extra fees apply for mattresses, tires, and refrigerators.

When Should You Choose a 15-Yard Dumpster?

If your project is too big for curbside pickup but too small for a 20-yard container, this is your sweet spot.

Ideal for:

Small kitchen or bathroom renovations, Garage or attic cleanouts, Tenant turnover or estate clearing, Landscaping or tree trimming

At Driveway Safe, we find this size is the most popular among homeowners tackling weekend warrior projects.

Will a 15-Yard Dumpster Damage My Driveway?

Not when you rent from us.

At Driveway Safe Dumpster Rental & Junk Removal, we specialize in **property-friendly delivery**. Every dumpster:

It is placed on **wooden blocks** (never directly on your driveway). Requires an adult onsite to approve the final placement. Uses drivewaysafe rubber tire trailers for extra care (when applicable)

Your peace of mind is our priority. We've helped hundreds of Utah homeowners clean up *without* damaging their concrete or pavers.

How Much Does a 15-Yard Dumpster Cost in Utah?
